“ I could write a million in one things that we have shared together over my life time.. I'll just sum it up.

My Granny was Amazing!!!! She was not Just a woman! She was an incredibly strong, funny, loved unconditional (but didn't show it in ways other granny's would) hardest working woman I knew!! In Her 60-70's I seen her welled an axe, better than most young men! She loved her family!! Would help anyone. A great caretaker of many. She was just that one person you could call on, that would do her best to help. I miss her laugh, her voice and her hugs!!!

I loved every second I was able to spend with her. It did not matter what she was doing I always wanted to be with her. We fished together, planted flower beds, cleaned yards, argued, laughed etc.. I'm blessed to have had such a great role model that in return, I got to call Granny!!!!!! She was one of a kind!! I will forever cherish her and the memories we shared!! Granny, we will forever love and miss you!! Our family puzzle will have a missing piece until we get to meet you again in heaven!!!!

Love you and miss you so very much!!

I would do anything to just hear your voice and hug you!!!!!!!

“ My granny was the strongest person I have ever known, she taught me to work for what I wanted and that life is what you make it. She loves to work in the yard and plant flowers. She loved to pick fruits and vegetables. I will never forget our time together.
