“ I don't know how many of my family know this story about Aunt Angie but it shaped the rest of my life. When I was visiting one summer, like we often did, we attended Vacation bible school with her. One day she realized at 10 years old I couldn't read. She immediately reached out to my mom. I don't how long teachers would have just kept passing me if Aunt Angie hadn't noticed my issue. I was always grateful for her making sure I wasn't left behind. She was also the one who literally taught me that if I fall off of a horse I have to get back on. I will forever be grateful for her teaching, influence and love! I cherish the many memories and laughs we had growing up spending many of summers with her. I love you Aunt Angie and you will always be with us as I will pass your stories and memories on to my children. Thank you with all my heart, I love you.

“ She had to put up with me all the way through school...and usually right next to or in front of me (Aucoin, Blanco)... and I'll never forget that beautiful smile and quick laugh! I know she will be greatly missed by her family and friends; and I will always cherish my memories of her. God Bless and keep her close; Love and Prayers for you all,
Buzz
