“ My heart is so full of love and memories and for Betty..so thankful for her life and the times we spent together through the years! The laughter and the tears we shared ...so many ..the love and time we shared will always be a part of me..the songs and prayers.,the joy and laughter(she was always reminding me to use better language..once she mailed me a bottle of Listerine to remind me to keep a bottle with me when I needed to clean up my vocabulary)... ate many meals with her family..always knew that she loved me unconditionally. She loved and was so proud of her family..to her brothers and families..all of those that she loved so much....days without her physical presence know that her love is everlasting..I love you my precious sister..will see you....
