“ I didnt know he passed but knew he was sick. Nice guy and helped me a few times with my camper when I first got one at work in Winter Haven. He and I worked together for years in the insurance industry and was gracious enough to let me crash a couple times. RIP David.

“ I did not know David as well as most people in Atmore did, but I had been friends with his wife Linda for years. When I would go to visit Linda David would always crack a joke or say something to make me laugh. I looked forward to seeing him. I know his family loved him very much. He is not in pain anymore and I know he was able to take his walk with God before he left. I know he is in the arms of Jesus. I pray for his family during this time. He will be deeply missed

“ I’m David’s Aunt Brunette. My precious nephew will always live in my heart. I have a vivid memory of when he was a little boy, riding out the lane with Mazie’s and my dad, Hampton King, with his hand across Daddy’s back. David, I love you! 💕💕💕

“ I have known David for a long time. One thing that stands out about him to me was he was always tinkering, fixing or making something. If someone needed to borrow something, you can bet he had it. If you wanted to know his opinion on any subject, then just pull up a chair. He loved his family; he loved his Dogs, and he loved his mother. He is at peace now and he is not in any pain. He will be deeply missed.

I have many memories with David one of the memories I can legitimately share was when we were about 15 years old he had a Honda 350 we were riding he was driving I was on the back is it rain the night before so there were mud puddles and we used to like to go through those mud puddles and splash folks if you know what I meant well we were on trammell street we saw a little girl and her brother about 8 9 years old hes probably 5 or 6 walkung on the sidewalk David whipped over that way to hit that mud puddle and at the last 2nd he kind of fish tailed a little bit to give it a little splash when he did that motorcycle went out from under us and we busted our butt Well at we finally got stopped and so we were OK and not hurt we just looked at each other and laughed our butts off about that time the little girl and her brother were getting even with us on the sidewalk they were walking just as Solomon as could be no smile no laughing no nothing we looked at them and looked at each other and we just laughed that much harder because that's just exactly what we deserved and we both knew it!!!

“ When I was young, never little, my cousin David was the only cousin to give me a ride on a motorcycle. Well we we're at the beach house ,of course, and on the bunny trail on the other side of the creek. It was so hot and there was a big ole mean German Shepard that came after us. Unfortunately, I was a leaner. We both wiped out, ate some dirt, but never got bitten by the dog. He was just satisfied we wiped out. David was a great man, cousin and friend and has been a stable loving force my entire life. I will miss him!
