“ *Greg and I were put in charge of our respective parks' football programs about the same time. From the first day I met him at an ERC meeting you could tell what he was all about. Over the years we faced off against each other many times. The score board was about even with who it favored. Greg, was the same guy and would be real quick to tell you that the score board was just a barometer, it was just an indicator, not the true result of what we were doing out there. Those young men and women who we were lucky enough to be a part of were the real testament to what we were doing. In a world that seems so crazy at times and bereft of someone for kids to emulate, Greg was and still is, a true role model and mentor. I will miss him across the field and off the sidelines. Thanks for being the man you were Greg.*

“ *I've known Gerg ever since he married my best friends granddaughter Jodi 18 yrs ago. He was always so very polite always had the biggest smile. I loved to watch him at family reunions playing ball with all the kids. He was an amazing daddy and husband. I always looked forward to hugs and smiles from him at the family reunions. He was probably one of the sweetest men I know and cared so much for the kids. You will be missed Greg. Fly high RIP We all love you so much. My thoughts and prayers are with Jodi and kids. This will be a most difficult time.*
