“ There are to many memories to share on here with Jason. All I can say is he was a great person with a really big heart and he loved his family dearly. He is definitely in a better place now and is no longer suffering. All he used to say to me is he knows one day he will be able to fish with his father again. Well now he can do just that. My heart goes out to his Mother who is a great woman and to the rest of his family. God bless all of you. I would like to share these 2 photos of Jason and I as he always told me they were his favorite ones of us. He will surely be very missed by me and many others. I love and miss you Jason. Rest in piece my angel.
