“ A sweet sweet lady, but I will always remember two recent happenings. Thankfully, I was able to cut her grass this summer and got to see her more often. Two things-----(1) cut my back yard first and then cut the front---correct response was yes ma'am; (2) I ran over a lock which had been on the back gate that had fallen on the ground when the gate was unchained. I felt it was my fault and I should replace it. When I talked to Mrs. Lillie Bell and told her what had happened and that I was going to replace it! She explained it should not have been on the ground and it was not my place to look for locks on the ground. I explained I understood, but I told her I would be replacing the lock! She looked at me and said, "NO"! Trust me, replacing the lock never crossed my mind again! LOL She will be missed dearly by all of her neighbors and friends!
