“ *When Cay and I saw each other we always had a large smile and laughing and hugging each other. It was just like we come back on the same conversation that we left off months ago as if it was yesterday. And what made it funny we always seen each other at the Shoe Station and I got the nickname The Shoe Station lady she put it on all our texts. And her famous name was Perdido Post Office Lady...it just seemed like we always seen each other at one of those places and we always talk smiled and laughed and sometimes cried. Cay you will always be in my heart and I'm always going to think about you when I go to the Post Office. And the Shoe Station will be second in line. I miss you already dear friend I will remember you forever you have your golden wings now and you can oversee all that love you.. it's not going to be goodbye for me it's going to be hello..👉 I will see you at the 📧.....💕*
