“ My heart goes out to each and every one of the family members at this time of grief. I pray for God to give you peace and strength to see you thru the coming days and months.

Gene was very special to me! We were cared for by our Grannie, Carlie Tyree while our parents worked. She raised us like brother and sister. I was 4 months older than him and we shared a baby crib. When one of us was sick the other soon followed. Grannie would line us up in the crib and Vicks salve us down and for good measure put a dollop in our mouths. This is just one childhood memory that has lived on. There are so many more. I loved Gene and he will be deeply missed.
